

Wollaston Garden Club Meeting Minutes

April 18, 2019

President Emily Lebo called the meeting to order at 6:50 P.M. She asked if we could suspend the business section of this meeting in light of our Tri-Club Meeting. Mary Cassidy made a motion to suspend the meeting and Cynthia Lewis seconded it.

Emily asked for a moment of silence for the recent passing of a lifetime member, Marie Blanchard. Both Marie and her daughter, Linda Della Croce who passed away last year, were very active in the Club and often were seen together manning the membership table.

Emily welcomed our guests from both the Squantum and Houghs Neck Garden Clubs. The President of Houghs Neck Garden Club announced that they are holding a plant auction on June 5th which will support community beautification. They will also be holding a house tour on June 22nd from 11-2.

Information about the upcoming Plant Sale is at the front of the room. There are signup sheets for digging, propagation workshop, set up, working the day of the sale and food. Please take a look.

The Wollaston Garden Club members were reminded to update their membership at the back table and consider signing up for Cleaner, Greener Quincy which will be held on May 4, 2019, from 9:00 AM - 12:00 PM. The WGC will be working at the Dorothy Quincy and Josiah Quincy Homesteads and Wollaston Hill and Newport Ave location.

President Lebo thanked the hospitality team of Susan Lynch, Janet Lynch and Ginny Duffy for the beautifully displayed food and table settings as well as every member who also contributed food to the impressive spread. Marie Ricci made the gorgeous table arrangements, Marylynn Sullivan created the handsome buffet table arrangement and Ruth Griffin made a variety of stunning arrangements which will all be part of the opportunity drawing. Diane Hill contributed adorable bookmarks for each attendee.

Kathy Ceurvels introduced the speaker, C. L. Fornari with her talk, "Myths, Lies and All the Latest Dirt".

The meeting adjourned at 8:40 P.M.
